Exploring part of the new Foodie Route in Darling

Darling is slowly becoming known as having a new Foodie Route. The Time Out group explored a very small part of this route on the last day of June. On arriving in town we visited **Darling Sweets**.

“Sweet tooth’s draw closer” Darling has not forgotten you—in fact Frits (the owner) has been researching traditional toffee recipes for a decade. Frits, who has lived in Darling for 10 years, welcomed us and gave us a ‘talk and tasting’ of his wonderful product, all the time with his staff cutting and packing the decadent toffees behind glass partitions!

Next stop was **Evita se Perron** where many drank coffee and explored. **The Flying Pig** was another popular place to visit where Gil Ferreira allowed us to taste his Bacon Jam; Salami and many purchases were made. Our last stop was Darlings new baby—**Darling Brew**, where in a factory atmosphere we all ate lunch—“Hey that beer tank is going to explode any moment and we’ll all be covered in beer”. Apologies from management to those ladies whose food arrived cold—they had staff shortages on the day we were there. Oh well always a first time I guess to experience this! The problem of the cold food was remedied with replacement burgers being made!

Red Disa Restaurant & The Harold Porter Gardens *Betty's Bay*

Time Out has never been to the Harold Porter gardens. I believe they're looking stunning at present. I am still putting all the plans together and full details will be in the August newsletter.

NEWSLETTERS

I have one question to ask—"How many of you read the newsletters on line"? More and more I am realizing with the questions / statements you are asking me that I don't believe many of you are!

Each month your digital newsletter comes into your inbox. All you have to do to read it is 'click on the Time Out logo' to read Time Out News OR 'click on the Travelttime logo' to read Travelttime news. It's as simple as that!! Brian will be giving you all a lesson on how to do this at the Anniversary lunch!

If however, you are not digitally savvy I will still post you the 2 newsletters—it will cost you **R240 per year** to receive these newsletters in the post!

Right now postal deliveries seem to have resumed so for now we're OK using the Good 'ole GPO.
