COMBINING TOUR DETAILS FOR EASE OF READING, IN COVID TIMES

Where has 2020 gone ? We started off the New Year never guessing what lay ahead for us and then all of a sudden COVID-19 was in the air —and boy has it altered our lives. It has turned the World, as we know it, **UPSIDE DOWN!** The New Normal is frightening for many as we anticipate **“Where” “What” and “How”**

One thing for sure, after being in lockdown, it has made us all appreciate the small things in life; brought families together; & sadly knocked the economy for a loop!

We need to get out and smell the roses again and prove that life is for **LIVING**, now that overseas travel will not be returning in the immediate future!

We need to engage with friends and
explore our own backyard

Masks have become mandatory in our lives - (ask the Chinese—they have worn them for many years!). As time goes by they do become a fashion accessory!

**Wear yours with pride and
whenever you are with strangers.**

TIME OUT & THE COUNTRYSIDE

REDISCOVER DARLING, AFTER LOCKDOWN!

Darling is always a draw-card and we have decided to **break-the-fast-of-NO-Tours**, in this charming little village! **Good news** is that **DUCKITT ORCHIDS** now allow tours of their hot houses and we are booked on a tour! They export their orchids around the world and sell into Woolies and other stores. There will be time to visit **DARLING SWEETS**, a company all South Africans should be so proud of! Lunch will be at the **ORMONDE WINE ESTATE** where they serve their legendary platters - a great 'gesellige' day where you will have time to 'catch up in their barn' - away from others!

PLATTERS TO DIE FOR!

Canola and Arums—synonymous with Darling!

ARNISTON BY THE SEA!
