REPORT ON OUR FIRST TIME OUT TOUR FOR 2020—29TH OCTOBER

The year of 2020 has been fraught with the 'unknown' - lockdown has dominated our lives ; Covid has become the new buzz-word and forever our lives are taking on a new 'dimension'! Thankfully being on Level 1 we were able to 'resume some sort of normality' and what a happy day it was! For a start there was such enthusiasm with 5 new ladies on board - and happiness was in evidence, along with masks and temperature taking! Oh well - if we're not used to temperature taking we'll never get used to it! Our day started at **Darling Cellars** (with rain en route); some drank their new range of non-alcoholic wines; coffee; or just plain 'old wine! They were very happy to see the coach and their staff were very efficient. Next stop was **Duckitt Orchids** where Mariette graciously showed us the 'last of the season' orchids and took us into a hot house where we could watch staff 'breaking up precious & re-potting these orchids' - which happens at end of season. No-one comes to Darling without going to **Darling Sweets** and many packets were opened before lunch (naughty children) Lunch was at **Ormonde Cellars** where we had their barn to ourselves - and their amazing platters went down extremely well!

OUR ANNUAL MYSTERY TOUR

Time, once again to spend a day going somewhere you don't know in advance 'where you are heading' - Sound appealing? Well ask the 100's of people who have trusted us in the past and book without delay!

It is always a good way to 'celebrate the end of the year' and 2020 is NO exception - we need to wave it 'goodbye'

We always run our annual "Mystery tour" competition - and Brian will shortly be putting out clues - you could even win a complimentary day out?!

All I can say is "Gosh!" ... what a marvellous day out yesterday. You put it together superbly and spirits were visibly lifted with the re-connecting of familiar, kind friends and acquaintances. The bus driver was so helpful - with a bus where the air-con really worked and the best bonus of all A footstool at the base of the steps taking care of the likes of me where the cartilage everywhere has shrunk somewhat and the footstool tempers the shock of a height-variable step down. This is the norm overseas but more often than not - overlooked here. No more to say thanks a ton! (Not forgetting my successful self -drawn prize - too embarrassing for description). With many thoughts and prayers for a continuing recovery. ANGELA

Thanks Angela for these kind words about our Mystery tour 2019

**Time Out outings will be re-established in February 2021.
