**STEAM TRAIN** 

#### **Tour Report** South Hill Vineyards / Cheverell Farm 28th April '22

The trip today was based on a **new kid-on-the-block** – **Cheverell** Farm in the Elgin Valley. The day came in the middle of many public holidays, so numbers were slightly diminished!

However, 22 of us set off from Tableview at 08h45 heading to Constantia valley to collect the second part of our group in a 'traffic-free' road.

We headed to **South Hill along Valley Road** – 'Possibly our favourite place in the Elgin valley'. Sandy met us and they had set up a table outside for wine tasting or coffee. This was served with complimentary savoury scones and lemon cake - what fabulous hospitality. Sandy took the group who wanted to do wine tasting, through their various wines / coffees and cake or scones were enjoyed, and it was not easy to leave South Hill – we had 'settled' into their fabulous country hospitality!

A very short drive - interrupted by Google maps - where they told us there was a short cut to get across to Cheverell Farm which resulted in us having to turn the coach around and head back on our originally planned route. Solution do not trust Google especially on farm roads!

Arriving at Cheverell farm shortly afterwards, along Highlands Road, was to find a very good venue! They have converted an old apple shed into their restaurant cum gift shop with views to die for in the Valley. They even have a glass greenhouse nursery.

After the 'compulsory' shopping - amazing how ladies find things 'they just-to-have' everywhere we go - the group settled down to a pre-snack on the table - sliced sourdough bread/herb butter/and marinated olives and drinks were served.

Lunch followed shortly after this – a choice of a salmon poke bowl – a selection of freshly cut salad vegetables, smoked salmon trout, edamame beans, sushi rice and miso mayo dressing OR a Gourmet Burger with roasted tomato, mature cheddar, caramelised onions & harissa mayo dressing. This was followed by coffees and our dessert which was Cheverells Apple and Frangipane Tart served with homemade cinnamon ice

By 15h15 we all got back onto the coach with our homeward bound journey. Of course, you cannot come to the Elgin Valley without stopping at Peregrines - and so many gourmet foods and pies came back to Cape Town with us. Continued on page 2:

"Life is either a great adventure, or nothing"

Our first stop was Constantia Village by just before 17h00! Then we started our 'trek' back to Tableview. This was a disaster as once we had gone past Paarden Eiland, we hit bumper-tobumper traffic which ended up in us arriving at our drop off point in Tableview nearly an hour and a half afterwards! Crazy, we were passed by a police vehicle hurrying along the My-City route and a few ambulances but never witnessed an accident! Obviously, something 'dramatic' to slow the traffic down to this degree - and sadly a bit of a tiring end-to-a-glorious-day out in the country!

- A snippet of GOOD NEWS We all need this, these days).
- I have kept in touch with dear <u>Ann Middleton</u> and her good news is that after 6 months of being in a step-down facility after her last fall, she is now home. I feel sure she would appreciate receiving a telephone call (Ann 021 557 1530 / 084 589 1588) she does have a carer at home now.
- Ann, All Of Us Wish You Well! GET STRONG each and every day!
- Those who know me well, will know that my knee has been plaguing me for many months (or should I re-phrase that) YEARS.... In fact, the first time I went to see about it was in 2013 and then I became a COWARD. When I re-visited the orthopaedic surgeon in January 2022 he said "You will know when the time is right"! Brian and I feel now is as good a time as any I go in for surgery on Monday I6th May. TIME OUT May outing is, obviously, postponed and we will keep in touch to see whether I am 'fit enough' to do a June and/or July trip.
- Some travelling dates to diarise:
  - (1) We still have **space on** our <u>18th to 22nd August</u> flower tour (only one room).
  - (2) Sutherland 21st to 23rd September;
  - (3) Our Barrydale tour date has now changed to the week end of 4th-6th November—(Barrydale is becoming a popular weekend destination and another group booked ALL their rooms for our 1st date).

Whilst I have long hours of recovery, I will put together a few exciting days or weekends away before we bid farewell to 2022.

(4) On <u>Thursday 24th November</u> we will celebrate '<u>TIME OUT</u> is 22' and 'TRAVELTIME is 15'! This is not our usual month to celebrate our anniversary, BUT with my knee op I feel it's best to postpone this to November (as we did last year).

An 'excellent lunch somewhere unique' with you all?
